Connected lighting system

WaveLinx

Wireless Connected Lighting System

Adjustable occupancy sensing and daylight dimming control

Simple, secure wireless connectivity with out-of-the-box code compliance

Easy to use mobile application allows for fast set up and unlocks advanced control capabilities

Detection pattern covers standard ceiling applications up to 12 feet

DLVP

Distributed Low Voltage Power System

Save on labor costs. With an average of 40% reduction in man hours, DLVP reduces number of qualified electricians needed on the job site and installs 2X faster than traditional systems.

Save on materials. DLVP eliminates the need for unnecessary line-voltage materials.

No system commissioning. A contractor can configure the system with the flip of a switch, or by using a handheld remote.

Code compliance made easy. The system was designed to meet the energy code requirements of any space.

Integrated sensor controls

Cruze with sensor

Take compliance, network security, and energy savings into your own hands.

Metalux center-basket luminaires are available with integrated wireless sensors to simplify the controls installation, enable automatic code compliance and transmit key building data. These systems offer enhanced features to deliver value beyond lighting.

CBRK Retrofit (sensor integrated in housing)

ACHIEVA
ARS

Achieva™ ARS
Commercial | Shallow Center Basket

The Achieva Recessed Selectable troffer offers selectable lumen output and color temperature with a simple, easy to access toggle switch. The ultra slim 1.5" design fits into the shallowest of plenums and offers an upgraded center basket aesthetic. The Achieva is constructed with Cooper Lighting's latest selectable technology platform and delivers unprecedented light level and CCT flexibility, energy savings, slim housing design, and sustainable packaging options priced to win. The Achieva Recessed Selectable is an ideal choice for schools, offices, hospitals, and retail merchandising areas.

Selectable Lumens & CCT - Shallow modern design

Selectable lumens and CCT for design and stock friendly applications

Selectable CCT in 3500K, 4000K, 5000K in >80 CRI

Selectable lumens in Low, Medium, and High up to 8,000 lumens with both standard and HO selectable options

Shallow 1.5" housing stays below the T-grid height for shallow plenum designs

1' x 4', 2' x 2' and 2' x 4' recessed versions available

Modern curved lens for an upgraded look

Construction

Recessed 2' x 2', 2' x 4' and 1' x 4'

Standard depth: 2' x 2', 2' x 4', 1' x 4' **1.5"**

Latchless design for architectural appeal

CuLus damp location / IC Rated / RoHS compliant / DLC qualified

Matte white paint after fabrication finish standard

Five-year warranty standard, 10 year available

Performance

High-performance efficacy up to 146 lumens per watt

Energy savings in excess of 70% compared to traditional fluorescent troffers

1' x 4': L92 @ 60,000 hrs. / 2' x 2': L88 @ 60,000 hrs. / 2' x 4': L92 @ 60,000 hrs.

Energy efficient DLC qualified system

Options

Seven selectable stock SKUs

Selectable lumens and CCT

SELECTABLE COLORS (CCT)

Choose from a wide range of color temperatures to set the ideal lighting scene.

SELECTABLE LUMENS

Select between the preset lumen outputs to create your optimal lighting experience.

Flexibility at Your Fingertips

Multiple Light Choices, One Fixture.

Field selectable technology empowers you to take control. Go selectable to choose your way, every time. Adjust color temperatures (CCT) and lumen outputs with the flip of a switch!

Cruze™ CZS Selectable Lumens + CCT

The Cruze™ Selectable troffer offers selectable lumen output and color temperature with a simple, easy to access toggle switch. The latch-less design, matte white paint and multiple lens options deliver architectural appeal and specification rich features. This troffer is constructed with Cooper Lighting's latest selectable technology platform and delivers unprecedented design flexibility, energy savings, visual comfort, and aesthetics at an incredible value. Cruze Selectable is an ideal choice for offices, schools, hospitals, and retail merchandising areas.

Design friendly with (3) selectable color temperatures and (3) selectable lumen packages accessible with an easy to experience toggle switch

Selectable CCT in 3000K, 3500K, 4000K in >80 CRI

Selectable lumens in Low, Medium, and High up to 6,500 lumens

Selectable with configurable optionality

Up to 156 LPW for increased energy savings and reduced watts per sq. ft.

Latch-less design provides clean architectural look and feel

Curved and square lens for an upgraded look

Construction

Recessed 2' x 2', 2' x 4' and 1' x 4'
Standard depth: 2' x 2', 2' x 4' \updownarrow 3.25" 1' x 4' \updownarrow 2.25"
Latchless design for architectural appeal
CuLus damp location / IC Rated / RoHS compliant / DLC and DLC Premium qualified
Matte white pre-paint finish
Five-year warranty standard, 10 year available

Performance

High-performance efficacy up to 156 lumens per watt
Energy savings in excess of 70% compared to traditional fluorescent troffers
1' x 4': L91 @ 60,000 hrs. / 2' x 2': L90 @ 60,000 hrs. / 2' x 4': L90 @ 60,000 hrs.
Binning: Per ANSI, 3-step MacAdam ellipse

Options

Three stock SKUs
- 22CZSCT3-UNV: 2x2 Cruze Selectable, 30K/35K/40K, 2700lm-4000lm
- 24CZSCT3-UNV: 2x4 Cruze Selectable, 30K/35K/40K, 3500lm-6500lm
- 14CZSCT3-UNV: 1x4 Cruze Selectable, 30K/35K/40K, 3000lm-4400lm
Color Temperatures offered in 3000K, 3500K, and 4000K with lumens from 2,700 to 6,500
Acrylic lens options – Ribbed Frosted, Smooth Frosted, Round Perforated, and Smooth Square
Universal (120V-277V)
Emergency – EL7W and EL14W, ETRD and GTR and new UL924 listed fixture options
Surface mount field install kits
Flex wiring configurations
Chicago plenum rated version
Air venting for use in plenum air return applications
Wavelinx connected systems (WAA/WAB)

Cruze™ ST Architectural | Appeal

Cruze ST is a specification lensed LED troffer series that delivers architectural features with unmatched value. This high quality luminaire is constructed with the latest solid state lighting technology matched with architectural grade elements to deliver superior aesthetics, optical distribution, and energy efficiency. The Cruze ST is compatible with all of today's popular ceiling systems and is available with options and accessories to deliver the features needed for use in premier office spaces, primary and secondary schools, and retail merchandising.

Latchless design - architectural appeal

Very high efficacy (VHE) versions up to 157 lm/W and up to 17000 lumens

VividTune™ CCT tuning, 3000K - 5000K and 2700K - 6500K

Integrated sensors with IoT Connectivity

Multiple lens options (ribbed, smooth, round, square)

80 and 90CRI @ 3000K, 3500K, 4000K, 5000K CCT

1' x 4', 2' x 2' and 2' x 4' recessed versions available

Air venting option available

Construction

Recessed 2' x 2', 2' x 4' and 1' x 4'

Cruze ST LED with VividTune Tunable White

VividTune tunable white luminaires from Cooper Lighting Solutions deliver high-quality light in a broad range of continuously variable color temperatures and intensities. Create a dynamic environment by adjusting the ambient light warmer or cooler to influence mood, support the task at hand, or create a dramatic ambience. The ability to control correlated color temperature and intensity separately using simple controls is the next evolution of LED lighting for the commercial, educational, healthcare and hospitality space. The unparalleled flexibility and number of available lighting environments enable users to find the right light with tunable white.

CRUZE SB

Cruze™ SB Architectural | Access

Cruze SB is a specification lensed troffer series that delivers architectural aesthetics with additional features to meet the most demanding applications. This high quality luminaire is constructed with the latest solid state lighting technology. It offers servicing of electronics from below the ceiling plane, optimized optical distribution, superior performance, and market leading energy efficiency. The Cruze SB is compatible with all of today's popular ceiling systems and is available with a number of options and accessories for application versatility.

Service from below - door access

High performance efficacy up to 154 lm/W

VividTune™ CCT tuning, 3000K - 5000K and 2700K - 6500K

Integrated sensors with IoT Connectivity

Multiple lens options for customizable looks

80 and 90CRI @ 3000K, 35000K, 4000K, 5000K CCT

1' x 4', 2' x 2' and 2' x 4' recessed versions available

Construction

Recessed 2' x 2', 2' x 4' and 1' x 4'
Standard depth: 2' x 2', 2' x 4' \updownarrow 3.25" 1' x 4' \updownarrow 5.4"
Tool-less hinged door access, CAM latches and PAF finish
CuLus damp location / IC Rated / RoHS compliant
DLC and DLC Premium qualified
Five-year warranty standard, 10 year available

Performance

High-performance efficacy up to 157 lumens per watt
Energy savings in excess of 65% compared to traditional fluorescent troffers
1' x 4': L84 @ 60,000 hrs. / 2' x 2': L79 @ 60,000 hrs. / 2' x 4': L80 @ 60,000 hrs.

VividTune color tuning solutions

Cruze SB LED with VividTune Tunable White

VividTune tunable white luminaires from Cooper Lighting Solutions deliver high-quality light in a broad range of continuously variable color temperatures and intensities. Create a dynamic environment by adjusting the ambient light warmer or cooler to influence mood, support the task at hand, or create a dramatic ambience. The ability to control correlated color temperature and intensity separately using simple controls is the next evolution of LED lighting for the commercial, educational, healthcare and hospitality space. The unparalleled flexibility and number of available lighting environments enable users to find the right light with tunable white.

Installs in minutes!

Low Energy + High Performance

- Eligible for maximum rebates and energy savings due to high efficacy/low wattage models
- DesignLights Consortium® Qualified for Standard and Premium (Efficacies up to 164 lumens/watt)

Long life = Low Maintenance

- Projected lumen maintenance based on TM21 testing standards is L85 @ 60,000 hours

Guaranteed Performance

- All CooperKit products come with Cooper Lighting Solutions 5-year limited warranty
- All CooperKit retrofit kits are powered by our most advanced drivers for optimal performance

Cooper Kit CBRK Architectural | Speed

The Metalux CooperKit from Cooper Lighting Solutions is a LED lighting solution for customers looking to upgrade their fluorescent luminaires to a high performing aesthetically-pleasing LED system without the need to install a complete luminaire.

This innovative, high quality retrofit kit is dedicated to the latest solid state lighting and driver technology for optimal performance and energy efficiency. The retrofit kit is engineered for simple and quick installation making it easy to switch to LED.

Center basket fixture in 1x4, 2x2 and 2x4 sizes

- Easy and quick installation**
- Contemporary and modern design**
- Reduced energy consumption**
- DLC Premium listed**
- Integrated sensors with IOT Connectivity**
- Minimal glare**

Convert fluorescent to energy-efficient LED

	Integrated sensors factory wired and tested
	Simplicity - The lighting plan is the controls plan
	WaveLinx Wireless Connected Lighting System
	DLVP Distributed Low Voltage Power System

Energy savings

Operating and maintenance costs of a lighting system are dramatically impacted by the specified lamp source and electrical system. Total system input watts and fixture operating life should be the driving considerations when addressing energy consumption and total cost of ownership. Energy savings increase when energy consumption is reduced and maintenance intervals are extended.

Energy Performance Table

Standard Efficacy versions shown in chart. High Performance options are available for additional energy savings.

1' x 4' CBRK*			Popular Fluorescent Fixtures			Energy Savings
