SURE-LITES

Installation Instructions for the Sure-Lites EZ Key

Installation of the external battery disconnect for use with emergency products

IMPORTANT SAFEGUARDS

WHEN USING ELECTRICAL EQUIPMENT, BASIC SAFETY PRECAUTIONS SHOULD ALWAYS BE OBSERVED INCLUDING THE FOLLOWING:

1. READ AND FOLLOW ALL SAFETY INSTRUCTIONS

- 2. Do not use in hazardous locations, or near gas or electric heaters.
- 3. Do not let power supply cords touch hot surfaces.
- 4. Use caution when servicing batteries. Battery acid can cause burns to skin and eyes. If acid is spilled on skin or in eyes, flush acid with fresh water and contact a physician immediately.
- 5. Do not use this equipment for other than the intended use.
- 6. Installation is to be performed only by qualified personnel.
- 7. Install in accordance with National Electric Code and local regulatory agency requirements.
- 8. The use of accessory equipment not recommended by the manufacturer may cause an unsafe condition.
- 9. Equipment should be mounted in locations and at heights where it will not readily be subjected to tampering by unauthorized personnel.
- 10. Caution: Halogen cycle lamps may be used in this equipment. To avoid shattering: Do not operate lamp in excess of rated voltage, protect lamp against abrasion and scratches and against liquids when lamp is operating, dispose of lamp with care.
- 11. Halogen cycle lamps operate at high temperatures. Do not store or place flammable materials near lamp.

A WARNING

Risk of Fire/Electric Shock.

If not qualified, consult an electrician.

Risk of Electric Shock.

Disconnect power at fuse or circuit breaker before installing or servicing.

12. SAVE THESE INSTRUCTIONS

INSTALLATION:

- Step 1. Install product as described in the main instruction sheet.
- Step 2. After connecting the battery, test the unit by turning on the AC power.
- Step 3. Disconnect the AC power. The unit should go into emergency mode.
- Step 4. Insert the Sure-Lites EZ Key battery disconnect in the hole labeled "Battery Disconnect". The battery is now disconnected from the circuitry, and will remain so until the key is removed.
- Step 5. When the unit is ready to enter regular service, remove the Sure-Lites EZ Key and discard it, then apply AC power. The unit will now operate normally.
