

Universal product platform.

The patented Crosstour™ LED wall pack series of luminaires provides an architectural style with super bright, energy efficient LEDs. The low-profile, rugged die-cast aluminum construction and universal back box is ideal for wall/surface, inverted mount for facade/canopy illumination, post/bollard and low level pathway illumination including stairs.

Superior illumination performance

The Crosstour LED wall pack series incorporates high-performance, energy-efficient LEDs in multiple lumen packages, replacing up to 250W HID luminaires. With up to 90 percent in energy savings compared to traditional HID products, Crosstour luminaires maintain greater than 89 percent of initial light output after 72,000 hours of operation.

Ease of installation

Quality and safety is ensured with the Crosstour LED wall pack universal back box and secure lock hinge. The universal back box easily adapts to virtually all standard junction boxes, without the use of adaptor plates or loose hardware. The interface hinge locks the door in place, insuring a safe and secure installation.

Construction

- Patented, slim, low-profile LED design
- Die-cast aluminum, hinged, removable door and back box
- Back box is suitable as an electrical wiring compartment
- Secure lock-hinge and single-point closure
- Mounts to a variety of junction boxes or conduit entries
- Three 1/2" NPT threaded conduit entry points allow for thru-branch wiring
- IP66 rated UL/cUL wet location listed

Optical

- 12W, 18W, 26W and 38W models
- Bright 5000K and warm 4000K CCT
- Silicone-sealed optical LED chamber
- Maintains greater than 89 percent of initial light output after 72,000 hours of operation
- Lighting Facts Registered

Electrical

- 120V-277V, 50/60 Hz and 347V, 50/60Hz
- Integral LED electronic driver incorporates surge protection

Controls

- Button photocontrol (120V, 208-277V) optional

Mounting

- Integral die-cast aluminum slipfitter (fits 2-3/8" - 3" O.D. tenon)
- 3/16" galvanized steel trunnion mount with a 16/3 SOW cord

Floodlight kit

- Optional floodlighting kit converts from wall to floodlight
- Knuckle base includes tooth-lock adjustment and locking nut
- Trunnion base includes interlocking slide adjustment and a 12" SOOW wet location rated cord
- Top visors, impact shields and hardware included
- Knuckle and trunnion configurations are 2G vibration rated

Accessories

- Escutcheon wall plates painted to match fixture
- Wire guard

Warranty

- Five-year warranty

Stock and made-to-order (MTO)

- See available select stock configurations on page 2. For a complete list of stock configurations, reference stock guide
- Refer to specification sheets for all MTO configurations
