EPHESUS VS COMPETITOR RGB GAMUT RANGE

ULTIMATE FAN EXPERIENCE.

The Ephesus LUMASPORT 8 PRISM is the ultimate fully tunable RGB LED sports lighting solution for new and retrofit installations delivering both remote and local power system configurations. With industry-leading reliability and performance, it offers a streamlined turn-key system, lowest total cost of ownership, and customizable controls. Achieve precise light placement with our award-winning optical control system and enjoy the benefits of Chip-on-Board LEDs for unmatched system reliability. Experience fully saturated colors, immersive atmosphere, and reduced installation time with this game-changing LED sports lighting system.
