**Step 1.** Place barndoor assembly on flat surface with screw and nut side up.

**Step 2.** Allow front of Power-Trac lampholder to enter inner diameter and turn barndoors to position desired.

**Step 3.** Tighten screw with nut to secure barndoor assembly to lampholder

**Step 4.** Attach barndoor and fixture assembly to Power-Trac channel or appropriate adapter and bend barndoors to desired position.
