Product Features & Technologies

Cooper Lighting Solutions is the source for superior quality lighting products in all markets, bringing creativity, insight, and knowledge together to provide the best and the brightest lighting solutions. Below you will find descriptions that detail some of the features and technology icons listed throughout this catalog. For more information, contact your representative or visit cooperlighting.com/global.

RoHS

This Restriction of Hazardous Substances directive ensures there is no use of specific hazardous materials found in electrical and electronic products.

Warranty

All products in this catalog are covered by a standard 5-year limited warranty (exceptions noted by product). Warranty details can be found on cooperlighting.com/legal.

UL Certified

All products listed in this catalog have been evaluated, tested, and listed by Underwriters Laboratories for product safety certification in US and Canada.

IP66 Rated

The products with this notation are tested to be water resistant and protected against dust, dirt, sand and debris, all while maintaining long luminaire life.

DLC

These families have SKUs that are DesignLights Consortium® Qualified. Refer to designlights.org Qualified Products List under Family Models for details.

DLC Premium

These families have SKUs that are DesignLights Consortium® Premium Qualified. Refer to designlights.org Qualified Products List under Family Models for details.

Roadway Lighting

When it comes to street lighting, there's no one-size-fits-all. Cooper Lighting Solutions offers a broad array of efficient, durable, controls-ready LED luminaires with precision optics in a wide range of distributions. Easy-installation features are standard, including tool-less latches for easy entry and integrated leveling steps – you'll save on upfront labor and maintenance. ANSI 7-pin and Zhaga 4-pin receptacle options support sensors from simple photocells to wireless control nodes.

Product	Power (W)	Beam Spread	Height (ft)	Spacing (ft)	Mounting	Receptacle	Notes
Model 1	150	120°	10	100	Standard	ANSI 7-pin	Standard luminaire
Model 2	200	120°	15	120	Standard	ANSI 7-pin	Standard luminaire
Model 3	250	120°	20	140	Standard	ANSI 7-pin	Standard luminaire
Model 4	300	120°	25	160	Standard	ANSI 7-pin	Standard luminaire
Model 5	350	120°	30	180	Standard	ANSI 7-pin	Standard luminaire
Model 6	400	120°	35	200	Standard	ANSI 7-pin	Standard luminaire
Model 7	450	120°	40	220	Standard	ANSI 7-pin	Standard luminaire
Model 8	500	120°	45	240	Standard	ANSI 7-pin	Standard luminaire
Model 9	550	120°	50	260	Standard	ANSI 7-pin	Standard luminaire
Model 10	600	120°	55	280	Standard	ANSI 7-pin	Standard luminaire

Area / Site Lighting

Parking lot lighting needs to serve both drivers and pedestrians. Keep your patrons feeling safe in parking areas, retail complexes, automotive lots and more, with our impressive selection of LED area and site lighting.

Designed to deliver superior performance and aesthetic value, our products feature zero uplight and excellent backlight control, minimizing skyglow and light trespass. A wide selection of precision optics mean there's no project that's too complex. Plus, durable construction and stringent reliability testing deliver years of worry-free performance.

Trellix Infrastructure

Gain efficiency in street lighting planning and operations using accurate asset performance and fault data, intuitive dashboards, and flexible workflow management tools while controlling street lighting scenes and schedules remotely.

- **INVENTORY MANAGEMENT:** Manage your assets & improve performance
- **BETTER OPERATION & MAINTENANCE:** Efficient fault detection and repair
- **DYNAMIC LIGHTING:** Adjust output with dynamic dimming
- **REVENUE GRADE METERING:** Accurate real-time energy measurement
- **PERFORMANCE ANALYTICS:** Power usage, fault detection, fixture tracking
- **SENSOR ENABLED FUNCTIONALITY:** Collect, monitor, and respond to critical data using the Outdoor Multisensor improving safety, security, and environmental impact while enhancing the space for patrons.
